SCHOOL BOARD POLICY

The Board of Education recognizes the value of those national and international educational opportunities for students and teachers which promote growth in global and intercultural understanding.

The Board encourages opportunities for students and teachers to gain insights into the attitudes, beliefs, and lifestyles of different cultural groups by encouraging field trips, student and teacher exchanges, twinning of schools, the inclusion of international students and other forms of cultural contact.

While the Board's primary mandate is to provide instruction for students of school age who are resident with their parents or legal guardians within the boundaries of School District No. 62, the Board may provide instruction to international students who are participating in a recognized student exchange program or who are fee-paying international students in accordance with School Board Administrative Regulations.
